

ORCHARD HOTEL  
SINGAPORE

*Executive Office*

**TO WHOM IT MAY CONCERN**

This is to confirm, that Mr. Loo Yong Soon, Managing Director of Hurry, General Contractor Pte. Ltd. was the main contractor for the Orchard Wing Renovation, which comprised of 350 Bed Rooms, the Harvester's Lounge, all Corridors, Lift Landing Areas Lift Cars, the Conference Centre, Banquet Rooms and Public Toilets in Shopping Arcade.

The renovation of the 350 bedrooms comprised of dismantling the existing rooms, drilling new conduits for electrical supplies, new plumbing for all bathrooms, tiling with granite, new wall finishes, new carpeting and furniture.

As Main-Contractor he was also responsible to co-ordinate all sub-contractors and outside contractors, which were hired by the hotel directly such as fabrics, lighting and carpet.

I would like to mention, that through his close and strict co-ordination no major problem, arose during the whole period.

His workforce was very disciplined and controlled, keeping a special effort on fire-safety and cleanliness of the site.

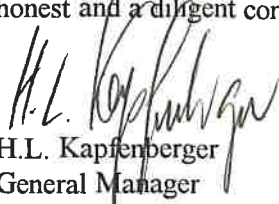

As the renovation was carried out in stages (4 floors at a time), special care had to be taken to minimise noise, dust and smells, as the other floors were still in occupied by hotel guest's. Here again Mr. Loo Yong Soon, did the most possible to help the hotel to minimise any problems with our guest's.

The renovation was finished one month in advance of the planned time schedule, which was only possible, through the constant efforts of behalf of Mr. Loo, who was on site daily and throughout the day.

I would like to highlight, that all unforeseen problems, were solved without hesitation and Mr. Loo even extended some of the minor works, without extra charge.

As were entirely satisfied with his performance and standards of work he was reconsidered for the tender of the Coffee-Shop and Main Hotel Lobby, which the contract has been awarded to him, because of pricing and his excellent workman-ship.

I can highly recommend Hurry General Contractor with it's professional team, as they are reliable, honest and a diligent company.

  
H.L. Kapfenberger
